## Lympha press Treatment at \$82.50!

Treatment with the Lympha Press pump machine alone is suitable for those with the following conditions:

1. Lipedema
2. Primary Lymphotoedema
3. Early stage Lymphotoedema (no doughy no pitting)
4. Fibrotic or doughy Lymphotoedema stage patients will need to ensure pre and post pump self drainage and lymph node clearance or book a session of manual therapy after 2 sessions
5. Suitable for generally well but water retention individuals
6. Suitable for varicose veins oedema individuals
7. Suitable for those waiting for a schedule to open up and they are not coping well with their swelling. (This will be helpful)

Treatment will be facilitated by our machine and you will be independent after the set up is done. Treatment bookings will be subjected to assessment and appropriate pressure settings. Patients who are contra indicated will be denied the bookings for your own safety.

Fee is at a special \$82.50 for 60mins (U.P. \$110-120)
